

1.5 & 2°C strategies, SDGs and green growth – EU Research Projects CD-LINKS and GREEN-WIN

Wednesday 15th November 2017, 15:15–16:30

Based on two EU-funded projects CD-LINKS and GREEN-WIN, the latest findings for ratcheting up the NDCs toward the 1.5 & 2°C goals and green-economy strategies for aligning economic with climate goals are presented. The side-event highlights synergies & trade-offs with regards to the Sustainable Development Goals (SDGs), investigates green growth strategies induced through alternative climate financing schemes, and presents local green economy business models that reconcile revenue generation with SDGs. The side-event will feature four thematic presentations followed by a panel discussion.

Time	Topic	Presenter
15:15-15:20	Introduction	Volker Krey, IIASA
15:20-15:30	Reconciling climate and economic goals through green-growth and green-business models	Jochen Hinkel, Global Climate Forum
15:40-15:50	Climate clubs and the macro-economic benefits of international cooperation	Antoine Mandel, Paris School of Economics
15:30-15:40	National and global decarbonization pathways	Elmar Kriegler, PIK
15:50-16:00	Climate policies and the Sustainable Development Goals (SDGs)	Volker Krey, IIASA
16:00-16:30	Panelist discussion and Q&A session	Jochen Hinkel, Global Climate Forum (moderator) + speakers

These projects have received funding from the **European Union's Horizon 2020 research and innovation programme** under grant agreement No. 642147 (CD-LINKS) and No. 642018 (GREEN-WIN).
